Dear Sir/Madam,

We would like to inform you that since January 8, 2016 the documents (dossier), samples and standards for registration expertise of medicinal products should be submitted to the Scientific Centre along with acts on handling/acceptance (see attached). All your suggestions are taken into consideration. Other form and content documents apart from these will not be accepted.

The acts should be submitted either by marketing authorization holder or its representative in 2 copies filled, printed, signed and sealed/stamped in advance. After reception staff of the Scientific Centre's 1<sup>st</sup> floor completes the handling-acceptance procedure (carries out a physical check and in case of compliance signs and stamps the act) a copy will be returned to you.

Follow the explanatory notes while filling out the act.

In order to avoid delays of expertise in purpose of registration it is necessary to pay attention to remaining shelf-life of samples and standards at the time of submission.

Director

Hakob Topchyan
